The AP camps are devoid of basic facilities like water supply, Power supply, sanitation facility etc., in addition to requirement of necessary periodic maintenance; hence this item is proposed to carry out improvements to existing Anti poaching Camp sheds in Anthiyur, Bargur, Chemampatti and Thattakari Ranges in Erode Division which also facilitates camping of APWs / field personnel on routine patrol.

The Forest of Erode Forest Division are prone to fires due to long summer coupled with inadequate monsoon showers and anthropogenic interferences owing to Hence fire watchers are to be engaged for manning the fire watch towers and for providing early warning and assistance during fire incidences. Fireline clearing is proposed in fire prone areas of the four Tiger bearing ranges in Erode Division.

It is essential to conduct trainings and refresher courses periodically to the frontline staff to equip them for effective monitoring of wildlife, strengthening of protection and adaptation to latest protocols and modern techniques.
